Dear Member,

It’s the start of a new decade and the possibilities and opportunities to do great things in the Building Services Engineering space in our region are endless. The ANZ committee pledge to offer more technical seminars and networking opportunities than ever before, keeping you up to date, and in the know with changes and technical advances across building services. If you live and breathe building services engineering, you don’t want to miss the latest edition of CIBSE’s ENGineering Buildings Journal with a range of engaging articles (on the link below).

CIBSE ANZ - Reflecting on 2019

Tracking the calendar highlights of CIBSE ANZ in 2019.

**Leadership in our Hot New World**

**Linkedin post of the month**

"It is so important, first, to grieve those lost to these deadly fires and especially those lost in service to protecting others from their wrath; to reflect on the immense toll on animal life and endangered species, and to offer solidarity with those whose lives have been upended as homes, businesses, farms, towns and communities burn across Australia..."
