CIBSE BUILDING PERFORMANCE AWARDS 2019

Perform » Reward » Celebrate

CIBSE Building Performance Awards 2019 - International Project of the Year call for entries

This Award recognises the international project (new or refurbished) that most effectively demonstrates achievement of high levels of user satisfaction and comfort and outstanding measured building performance, energy efficiency and reduced carbon emissions.

"The awards provide the ultimate recognition of outstanding building services engineering practice and support the quest for a more sustainable built environment." Peter Y Wong CEng FCIBSE, CIBSE

Immediate Past President.

What better way to bring Australian and New Zealand projects to the world stage, and get the credit you deserve?

For more information on eligibility, judging criteria and deadlines visit www.cibse.org/bpa

Become a CIBSE accredited course provider

The CIBSE Directory of CPD Course Providers is a comprehensive list of companies around the world offering educational learning that CIBSE members can receive in-house or attend as part of their on-going continuing professional development.

CIBSE is now offering course accreditation for companies in Australia and New Zealand with the assistance of a local panel of experts.

[Sydney, NSW](#) - 25 October 2018

Resilience Forum 2018 – future-proofing the built environment

Date: 26 July 2018

The AIRAH Resilience Forum 2018, will showcase how AIRAH members and industry can create a safer and more secure future through practical design and construction measures that result in more resilient built environments and HVAC&R equipment. It will also explore how best-practice installation, operation and facilities management practices can help achieve this goal.

As a kindred organisation, CIBSE members will save \$110 off the registration price by booking at AIRAH member rates. Email conferences@airah.org.au to book this special rate.

For a limited time, all delegates may also bring a colleague or client along for free.
