

October Newsletter

Dear Member,

Welcome to the October edition of the new CIBSE ANZ Newsletter.

As a member of the CIBSE ANZ Region, we would like to update you on some exciting news and upcoming

CIBSE events which we think may be of interest to you.

From all of us at CIBSE ANZ,

Have a great month.

Tune in to Talking Buildings

CIBSE ANZ has launched a new platform to discuss and tackle thought provoking matters relating to the built environment. "Talking Buildings" is a new podcast, taking the region in a brand new direction, but most importantly a new and improved method of communication direct to you, wherever you are in the region.

Frankie goes to Advisory-hood

To keep our Independent Advisory Panel fresh with new blue sky thinking, ideas, innovations and direction, we are pleased to announce two key industry ambassadors, who have recently been introduced to the panel.

[Find out more](#) about the panel, our 2020 plan and our newest recruits.

Latest draft standards out for review

CIBSE ANZ are at the forefront in collaborating with a number of industry groups, including PRIME, where key publications are updated, including inputting and advising with updates to Australian and New Zealand Standards.

[Click to find out](#) which standards have been issued for public consultation, and be sure your voice is heard.

Do you hold building services' best kept secret?

Finding new ways to bring together regional knowledge within our industry and our membership, in 2018, CIBSE Australia and New Zealand will launch a quarterly digital publication to increase communication and bring extra value to our membership.

This publication is an opportunity for you to get involved. We want to hear from you, to provide a publication that caters for our membership

Smashing the “need” barrier!

Did you know that each of you all help to contribute to those in need through your local CIBSE Chapter. We pride ourselves in organising high quality technical seminars, at low cost premium to our members.

It's with great pleasure to announce that the CIBSE Victoria Chapter, have not only provided a substantial donation to the CIBSE Benevolent fund, but have smashed all records in the process!

How did they do it and how did you help?

Building Services on Steroids - What can we learn from infrastructure design?

Building services are not just for commercial property! Due to the increasing number of infrastructure projects seen in Australia and especially in Sydney, CIBSE NSW delved into the world of services for infrastructure projects. Our speaker panel talked about their experiences and provide us with some useful insights to tackling these large projects.

Reliability of Electrical Supply

Date and Time: 24 October 2017, 17:30 - 19:30

Electrical engineers are actively involved in discrimination! It is part of their job! 'Discrimination' in this case is the selection of protective devices to minimize the impact of a fault on an electrical system.

Well, Well, WELL, what have we here?

Date and Time: 25 October 2017, 17:30 - 21:00

There is an industry-wide buzz about employee health & wellbeing in the property industry. Leaders in this space have been pursuing this agenda for some time and much research has been undertaken that supports the argument that buildings have a considerable impact on stress, physical health and mental wellbeing.

In this CIBSE NSW session, our speakers will discuss the WELL Building Standard in the context of the commercial property landscape plus several projects targeting WELL Certification and how this has influenced the designs in each case.

Fire Stopping of Services Penetrations

Date and Time: 31 October 2017, 17:00 - 18:30

Life safety is the responsibility of everyone in the construction industry. The design has to be right. The installation has to be right. Ongoing operations and maintenance programs have to be right. But what is 'right'?
