## Planting the Building Services Seed

### **Planting the Building Services Seed**

If you ever attend a university or college career exhibition to promote building services engineering, you will be reminded of just how abstract the industry, you passionately built your career on, seems to an industry outsider.

### **The Anatomy of the Smart Building - 2018 Seminar Series**

*Early bird rates extended for eNews readers*

As a CIBSE eNews reader, by now you would have seen the programme covered by the seven speakers at the 2018 series events. However, this is an event for the whole industry to learn about the new technologies and integrated processes that are delivering efficiency gains and comfort to end users and how to protect your assets against virtual threats.

If you haven't yet booked your place, CIBSE is offering you an extension on early bird rates in exchange for sharing the event flyer with industry colleagues. This extension will be available until 30 September 2018.

[Book your place at](#) one of the venues below using promotional code: **EarlyBirdExtended** for your last chance to secure your place at this rate.

The series will be held at the following venues:

**Central Park Theatre**, Perth, WA - 15 October 2018

**Treasury Theatre**, Melbourne, Victoria - 18 October 2018

**Beca House**, Auckland, New Zealand - 23 October 2018

**Novotel Darling Harbour**, Sydney, NSW - 25 October 2018

Tweet of the month

@FMmagazine\_au

While HVAC is always a prime target in looking at energy and water savings, don't overlook the plumbing systems.

[Take a look](#)

#### **LinkedIn post of the month**

Attended a great presentation last night by Bruce Ramus of Ramus Illumination on the some of the great public lighting projects he has designed in Sydney, Melbourne and Perth I particularly like the opportunities he has created for the public to interact with their cities through the medium of lighting. I love his interactive lighting of the facade of the Commonwealth
