## 2018 Seminar Series: Leveraging the potential of a smart building with BIM

### 2018 Seminar Series - Leveraging the potential of a smart building with BIM

Brett Naylor, Group Manager – Digital Delivery at BECA will address BIM in the Smart Building when the 2018 CIBSE ANZ Seminar Series – The Anatomy of a Smart Building tours Perth, Melbourne, Auckland and Sydney from 15 - 25 October 2018.

If a truly smart building is to be achieved, then we must look at not only how we deliver a project but also how we operate and maintain it. Asset Management and Operations must be fully digitised to leverage the true potential a smart building has to offer.
