Dear Member,

We hope you've had a great month so far and are ready for another round of exciting news and upcoming CIBSE events.

All the best,

The CIBSE ANZ Team
Share your expertise with tomorrow’s engineers

CIBSE ANZ is developing a training course to fill a long-standing gap in the market for engineering graduates entering the field of building services in Australia and New Zealand. We are calling for industry experts, writers and reviewers, to contribute.

CIBSE ANZ Talking Buildings Podcast #11 – Grenfell Tower Disaster

The Grenfell Tower disaster triggered a wide-ranging review of building and fire engineering safety around the world. How could such a devastating blaze happen? Could it happen again and what are the lessons learnt from this disaster?

Join us in conversation with Hywel Davies, Technical Director of CIBSE, who has been closely involved in the industry response to the Grenfell Tower disaster.

CIBSE ANZ Talking Buildings Podcast #12 – Green is the Colour

Over the last 20 years sustainability has been a massive driver for developments in building services engineering, in Australia this has been, at least in part, driven by the Green Building Council of Australia (GBCA) and their Green Star tools.

Talking Buildings sits down with Romilly Madew of the GBCA to discuss what drives her focus on sustainability, what the future holds as she moves into her new role at Infrastructure Australia and what advice she would give to the next generation of sustainability professionals.

NABERS Strategic Plan 2019-2023 – Open for consultation

The Plan sets out a new vision for NABERS to scale up its role in driving sustainable change to a larger part of the Australian economy going forward.

As a member of the NABERS Steering Council, CIBSE encourages you to read the strategic document and participate in the survey before it closes on Thursday 28 February 2019.
