

CIBSE

**Energy Performance Group**

# Our mission

- To improve the energy performance of buildings
- Provide an expert Q&A forum covering key aspects of energy performance
- To enable networking opportunities, promoting collaboration amongst our members
- To respond to and support the implementation of emerging legislation

# Join the Energy Performance Group

Joining a CIBSE Special Interest Group is open to all whether a member of the Institution or not and there is no charge to join. By joining a group you will receive communications about Group events, new CIBSE publications and CIBSE products that are relevant to the group members.

**To join a CIBSE Group** please [login or register for MyCIBSE](#). Once logged in select Groups on the main navigation bar in the MyCIBSE area, search for the Group name, click on the Group and select join.

To review the Special Interest Groups you are already a member of please login to your MyCIBSE Profile and select the My Groups menu option. If you wish to leave a Group then you can do so by selecting Groups on the main navigation bar in the MyCIBSE area, search for the Group name, click on the Group and select leave.

# Carbon Bites

This page presents short articles by EPG and YEPG members on topics of current interest to the energy performance of buildings.

Want to write a Carbon Bite of your own? Download the template [here](#), and email our Director of Carbon Bites with your idea for a one pager on an energy related topic!

# Power Hours

**This page contains the presentations from our 'Power Hour' events. In these fast paced talks we have 5 speakers each with 6 minutes to present followed by a moderated panel discussion. We have a timer counting down from 1 hour and everything needs to be finished in that time!**

Click the presentation titles to download the slides as PDFs.
