

# CIBSE ANZ YOUNG ENGINEERS AWARDS

## 2023 SPONSORSHIP PROPOSAL

Recognising outstanding **students**, **graduates** and **young professionals** within the building services industry.

# 2023 SPONSORSHIP PROPOSAL

Now in the 7<sup>th</sup> year, the CIBSE ANZ Young Engineers Awards and Annual Cocktail function is an established highlight of the building services social calendar.

Over 100 industry guests including international dignitaries, guest speakers, members and industry professionals come together to celebrate the current and future successes of the building services industry.

A central part of CIBSE ANZ's strategy is to continually improve the profile and integrity of our industry and professionals – these awards are key to these goals.

The context in which we design and deliver buildings is changing rapidly under the influence of our changing climate, political environment and community health so this year, the Awards explore how to create spaces to last several generations while retaining the flexibility to change according to physical requirements, technology, and cultural trends.

Please join us to celebrate and show your support for the young engineers and building services professionals who will rise to tomorrow's engineering challenges.

# THE EVENT

## OCTOBER 2023 | MELBOURNE

The 2023 Awards recognise the achievement of engineers and emerging professionals with a stake, or an interest in the betterment of building services in Australia and New Zealand.

Finalists will be celebrated across three categories:

- MARK GRIFFIN AWARD Student of the Year
- HARIS MORAITIS AWARD Graduate of the Year
- JACK PIRIE AWARD Young Engineer of the Year

The 2023 function will be held in October 2023 in Melbourne.

Once again, the selected venue will provide a prestigious setting for recognising the outstanding young achievers in the building services industry across Australia and New Zealand.

The cocktail function will provide opportunity to network with consultants, property owners, managers and suppliers to the building services industry.

*If social gathering restrictions prevent hosting the ceremony in-person, the Awards ceremony will be held online. A decision will be made closer to the event date based on government advice.*

# SPONSORSHIP PACKAGES

If you share CIBSE's passion for encouraging and developing young engineering talent in the building services industry, sponsor the CIBSE ANZ Young Engineers Awards and Annual Function. By supporting these awards, you are sending a clear message of support for the future of the building services industry. There are two ways to get involved – **Event Sponsorship** or **Award Sponsorship**

## SPONSORSHIP VARIATIONS FOR 2023

This year CIBSE ANZ is excited for the Awards and Annual Function to be held in Melbourne and also live streamed.

## AWARD SPONSORSHIP

CIBSE ANZ 2022 Young Engineers Awards highlights video

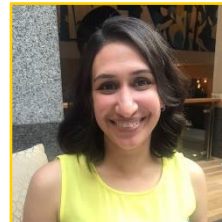

# WHY SPONSOR BENEFITS

In 2022, the CIBSE ANZ Young Engineers Awards received entries from many large and medium building services consultancies including Arup Integrated Group Services, DeltaQ, JHA, Norman Disney and Young, Northrop Consulting Engineers and Cundall. In addition, the programme was supported by universities across Australia and New Zealand and the function attended online by over 100 delegates, of which include 20% senior level managers and distinguished industry guests.

The awards are an opportunity to bring the whole industry together and widespread support is what make an event like this so successful. We hope you will join us.
